

2017 State Support Teams Trainings Region 7 & 10

The Ohio Department of Health, Children's Hearing and Vision program offers free hearing and vision screening trainings.

Hearing screening training includes anatomy and physiology of the ear, common pediatric ear problems, overview of ODH hearing screening requirements and hands-on training with pure-tone audiometer. Tympanometry and otoacoustic emission training is available upon request.

Vision screening training includes anatomy and physiology of the eye, abnormalities of the eye, ODH vision screening requirements and hands-on training with vision screening equipment.

Ohio Department of Health Equipment Loan Program

Does your school need vision equipment to conduct screenings. The Ohio Department of Health and Ohio Department of Education are teaming up. Your State Support Team has vision screening equipment. The Vision screening equipment kits are available for loan and include materials for screening set up, and testing distance visual acuity, stereopsis, ocular muscle balance and color vision.

To Request Equipment:
